Truth Vibrations: David Icke's Journey From TV Celebrity To World Visionary: An Exploration Of The Mysteries Of Life And Prophetic Revelations For The Future Of Humanity

Truth Vibrations is David Icke's strangest book to date. The Reality Revelation, remaining the stirring recap to which all persons are programmatically drawn to shine, has been re-birthed as a new, total and comprehensive work, opening a galaxy of profound understanding and new perspectives, revised and updated throughout.

Originally a groundbreaking exposé of a vast conspiracy network controlling the world, Truth Vibrations has now been expanded as an overarching examination of the big picture and underlying principles. It provides the key to understanding and effecting the biggest changes of our time.

David Icke has been writing about the new world order for over 26 years. From his first book, The Hidden Hand, in 1989, to his most recent work, The Biggest Secret, released in June 2014, Icke has been revealing the truth about the secret control of the world and the lives of its inhabitants.

This book is the third in a trilogy of works by David Icke, and the first in a new series called the "Horns of Moses" series, that delves into the mysteries of the cosmos and our place in it.

Horns of Moses is a marvel of original thought and keen detective work that will rock the foundations of your understanding of the world you live in, and no doubt ruffle the feathers of the many academics who still cling to an outdated and narrow world view.

The book is divided into three parts: Part 1, "The Power of the Horns," explores the nature of these celestial bodies and how they have repeatedly wreaked havoc and destruction on our planet over the course of human history. Even more startling however, is the evidence that comets and cometary fragments have played a significant role in shaping the history of life on Earth.

Part 2, "The Secrets of the Horns," delves into the mysteries of the horns themselves, and how they have been used throughout history as symbols of power and authority.

Part 3, "The Dawn of a New Age," concludes the series by exploring the potential for a new age of peace and prosperity, and the role of individuals in creating a better future for all.

The book is written as a narrative, with David Icke narrating his findings directly to the reader, allowing the reader to experience the journey of discovery alongside him.

The book includes a foreword by A. W. Moore, the author of "The Gods of the Ice Age," and a preface by the author himself.

The book is intended for a wide audience, including those interested in history, science, and the supernatural, and is written in an engaging and accessible style.

The book also includes a detailed bibliography and a list of recommended further readings for those interested in learning more about the topics covered.

The Horns of Moses is a remarkable work of scholarship and imagination that will challenge the way you think about the world and your place in it. I recommend it to anyone interested in uncovering the secrets of the universe and the human experience.
How Arcturians Are Healing Planet Earth - Wayne Brewer 2012-02-01

Alien Reptilians, who are multidimensional extraterrestrials, have been plaguing our planet for eons, lowering our vibrational frequency and using fear, manipulation, and mind control to dominate and enslave humanity. They have an unnatural desire here, so they have had free rein to carry out their agenda. But that is no longer the case! The Arcturians, a much more powerful race of multidimensional extraterrestrials, are taking on to help heal the planet and raise its vibrational frequency by removing alien Reptilians and sending them to the Light. The Arcturians are highly advanced, very loving, and peaceful beings from Arcturus, a star in the Bootes Constellation. They are ready to communicate and work with any soul who aspires to journey with them to a higher level of consciousness. In their words: “The souls of the people of Mother Earth have suffered enough over the ages, and now is the time to usher in the Age of Aquarius—a new and glorious era.”

Wayne Brewer is a prominent private investigator with over 35 years of experience uncovering hidden truths and the author of “Are You Possessed? Now Is the Time for Divine Intervention.”

In Founding Fathers, Secret Societies Robert Hieronimus investigates these important connections and how their influence can be traced throughout our most significant national documents and symbols, especially the Great Seal. He shows how the reverse of the Great Seal—which appears on the back of the one-dollar bill—is a blueprint that contains the secret destiny of America.
