Business Ethics - Mark S. Schwartz 2017-02-21 Business Ethics: An Ethical Decision-Making Approach presents a practical decision-making framework to aid in the identification, understanding, and resolution of complex ethical dilemmas in the workplace. Focuses exclusively on three basic aspects of ethical decision making and behavior—how it actually takes place, how it should take place, and how it can be improved. Uses real-life examples of moral temptations and personal ethical dilemmas faced by employees and managers. Discusses the biases, psychological tendencies, moral rationalizations, and impact of self-interest as impediments to proper ethical decision making. Includes relevant examples of ethical misconduct and scandals appearing in the news media.

Business Ethics: Ethical Decision Making and Cases - O. C. **Business Ethics 2009**-O. C. Ferrell 2009-04-27

**Managing Business Ethics**-Alfred A. Marcus 2019-12-19 Managing Business Ethics: Making Ethical Decisions teaches students how to navigate ethical issues they will encounter using the weight-of-reasons approach applied throughout the book. This decision-making framework’s goal is not to faithfully apply particular philosophical perspectives on what is right, but rather to solve ethical problems. Authors Alfred A. Marcus and Timothy J. Hargrave underscore the need for employees at all levels to carefully consider the ethical implications of their actions using this approach and it can be applied at the individual, organizational, and stakeholder levels.

Each chapter provides a case to walk through application of the framework and mini-cases allow students to practice applying this framework on their own. A wide range of real-world case studies are presented, featuring companies such as Facebook, Google, Wells Fargo, Volkswagen, and Amazon. This practical, down-to-earth text also delves into topics not covered extensively by other books such as slow and fast thinking, the inherent conflict between the individual and organization, conformity, and the difficulties of speaking truth to power. Students are offered ample opportunity to engage in thoughtful reflection, discussion, and application as they grapple with ethical issues big and small.

**Business Ethics**-O. C. Ferrell 1990-12

**Business Ethics and Corporate Governance**-Fernando A.C. 2010-09

**The Seven Signs of Ethical Collapse**-Marianne M. Jennings 2006-08-22

Do you want to make sure you · Don't invest your money in the next Enron? · Don't go to work for the next WorldCom right before the crash? · Identify and solve problems in your organization before they send it crashing to the ground? Marianne Jennings has spent a lifetime studying business ethics---and ethical failures. In demand nationwide as a speaker and analyst on business ethics, she takes her decades of findings and shows us in The Seven Signs of Ethical Collapse the reasons that companies and nonprofits undergo ethical collapse, including: · Pressure to maintain numbers · Fear and silence · Young 'uns and a larger-than-life CEO · A weak board · Conflicts · Innovation like no other · Belief that goodness in some areas atones for wrongdoing in others Don't watch the next accounting disaster take your hard-earned savings, or accept the perfect job only to find out your boss is cooking the books. If you're just interested in understanding the (not-so) ethical underpinnings of business today, The Seven Signs of Ethical Collapse is both a must-have tool and a fascinating window into today's business world.

Business Ethics - O. C. Ferrell 2008 "Using a managerial framework, [the authors] explain how ethics can be integrated into strategic business decisions. This framework provides an overview of the concepts, processes, mandatory, core, and voluntary practices associated with successful business ethics programs ... [The] primary goal ... is to enhance the awareness and the decision-making skills that students will need to make business ethics decisions that contribute to responsible business conduct. By focusing on the concerns and issues of today's challenging business environment, [the authors] demonstrate that studying business ethics provides vital knowledge that contributes to overall business success" -- Preface.

Ethical Decision Making: Introduction to Cases and Concepts in Ethics - Lisa Newton 2014-07-08 This short introduction to the discipline of Ethics in its practical and professional applications teaches, in simplest form, the discipline's vocabulary and forms of reasoning. It includes illustrative cases, clear explanations of philosophical terminology, and presents decision procedures appropriate to a hierarchy of cases. It is meant to be a foundation for elementary work in Ethics.

Ethical Decision Making for Business - John Fraedrich 2010-06-15 Providing a vibrant new four-color design, market-leading ETHICAL DECISION MAKING FOR BUSINESS, 8e, International Edition, thoroughly covers the complex environment in which managers confront ethical decision making. Using a proven managerial framework, this accessible, applied text addresses the overall concepts, processes, and best practices associated with successful business ethics programs—helping readers see how ethics can be integrated into key strategic business decisions. Thoroughly revised, the new eighth edition incorporates comprehensive and rigorous updates that reflect the recent economic crisis and the ever-increasing academic and governmental attention being given to this area. It also includes nine all-new case studies, while other cases have been completely updated.

Encyclopedia of Business Ethics and Society - Robert W. Kolb 2008 The five volumes of this ultimate resource recognize the inherent unity between business ethics and business and society, that stems from their shared primary concern with value in commerce. This Encyclopedia spans the relationships among business, ethics, and society by including more than 800 entries that feature broad coverage of corporate social responsibility, the obligation of companies to various stakeholder groups, the contribution of business to society and culture, and the relationship between organizations and the quality of the environment.

Business Ethics - Laura P. Hartman 2017-03-16 "This textbook provides a comprehensive, yet accessible introduction to the ethical issues arising in business" -- Preface.

Citation Classics from the Journal of Business Ethics - Alex C. Michalos 2012-08-01 The Journal of Business Ethics was founded by Alex C. Michalos and Deborah C. Poff and published its first issue in March 1982. It is the most frequently cited business ethics journal in the world. The Journal has always offered a multi-disciplinary and international public forum for the discussion of issues concerning the interaction of successful business and moral virtue. Its authors and readers are primarily scholars and students in social sciences and philosophy, with special interests in the interaction of these disciplines with business or corporate responsibility. Since the field of business ethics grew simultaneously with the growth of the Journal, a collection of its most cited articles is tantamount to a collection of the articles that had the greatest influence in defining the field over its first 30 years of development. In this anniversary volume, an overview of citation classics from the Journal is presented, the 33 most frequently cited articles are reproduced and brief reflections on the impact of the Journal on the field are given from over 100 scholars who authored citation classics and/or distinguished papers, as well as those who served on the Editorial Board and/or are recognized as leaders in the field.

Business Law I Essentials - MIRANDE. DE ASSIS VALBRUNE (RENEE.
Business Law I Essentials is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

The Power of Ethics - Susan Liautaud 2021-01-05 The essential guide for ethical decision-making in the 21st century. It’s not your imagination: we’re living in a time of moral decline. Publicly, we’re bombarded with reports of government leaders acting against the welfare of their constituents; companies prioritizing profits over health, safety, and our best interests; and technology posing risks to society with few or no repercussions for those responsible. Personally, we may be conflicted about how much privacy to afford our children on the internet; how to make informed choices about our purchases and the companies we buy from; or how to handle misconduct we witness at home and at work. How do we find a way forward? Today’s ethical challenges are increasingly gray, often without a clear right or wrong solution, causing us to teeter on the edge of effective decision-making. With concentrated power structures, rapid advances in technology, and insufficient regulation to protect citizens and consumers, ethics are harder to understand than ever. But in The Power of Ethics, Susan Liautaud shows how ethics can be used to create a sea change of positive decisions that can ripple outward to our families, communities, workplaces, and the wider world—offering unprecedented opportunity for good. Drawing on two decades as an ethics advisor guiding corporations and leaders, academic institutions, nonprofit organizations, and students in her Stanford University ethics courses, Susan Liautaud provides clarity to blurry ethical questions, walking you through a straightforward, four-step process for ethical decision-making you can use every day. Liautaud also explains the six forces driving virtually every ethical choice we face. Exploring some of today’s most challenging ethics dilemmas and showing you how to develop a clear point of view, speak out with authority, make effective decisions, and contribute to a more ethical world for yourself and others, The Power of Ethics is the must-have ethics guide for the 21st century.

Business Ethics - Stephen M. Byars 2018-09-24

SAGE Edge offers a robust online environment featuring an impressive array of free tools and resources for review, study, and further exploration, keeping both instructors and students on the cutting edge of teaching and learning.

Responsible Leadership and Ethical Decision-Making - Sunil Savur 2017 This book is comprised of international author perspectives from the 2016
Australian Association for Professional and Applied Ethics (AAPAE) conference, hosted by the University of South Australia in Adelaide. The volume brings to life a number of the conference themes including corporate social responsibility, culture, academic integrity, vulnerability, health, military ethics, education, leadership, sustainability and philosophy and addresses concerns of many leading applied ethicists.

**Making Ethical Decisions** - Michael S. Josephson 1996

**Ethical Decision Making in Everyday Work Situations** - Mary Ellen Guy 1990 This book takes a new approach to ethics by focusing on the kinds of dilemmas that confront people almost daily on the job. Guy presents the ten core values that surround ethical dilemmas, demonstrating the way in that personnel can sensitize themselves to the values involved in a problem and reach a solution which maximizes the important values. The author’s unique contribution is to meld philosophy with everyday decision-making, offering the reader a common sense approach to making ethical decisions. Real-life case examples illustrate ethical dilemmas that involve personnel practices, organizing strategies, reporting functions, supervisory practices, whistleblowing, and more.

**Obstacles to Ethical Decision-Making** - Patricia H. Werhane 2013-02-14

In commerce, many moral failures are due to narrow mindsets that preclude taking into account the moral dimensions of a decision or action. In turn, sometimes these mindsets are caused by failing to question managerial decisions from a moral point of view, because of a perceived authority of management. In the 1960s, Stanley Milgram conducted controversial experiments to investigate just how far obedience to an authority figure could subvert his subjects’ moral beliefs. In this thought-provoking work, the authors examine the prevalence of narrow mental models and the phenomenon of obedience to an authority to analyse and understand the challenges which business professionals encounter in making ethical decisions. Obstacles to Ethical Decision-Making proposes processes - including collaborative input and critique - by which individuals may reduce or overcome these challenges. It provides decision-makers at all levels in an organisation with the means to place ethical considerations at the heart of managerial decision-making.

**Global Business Ethics** - Ronald D Francis 2015-11-03 Corporate social responsibility, sustainability and acting ethically are all accepted business aims, but their meaning and implementation in a global context is far less clear-cut. Global Business Ethics cuts through the confusion to provide a coherent basis for ethical decision-making within the complications of the international business landscape. Underpinned by theory and including worked-through examples of ethical dilemmas and their solutions, this textbook will guide the reader beyond theory to real-world business decisions. Practical tools such as decision trees and suggested principles to apply in dilemma situations give readers the skills and confidence to tackle the ethical challenges they face. Global Business Ethics offers a unique working code of ethics provided as a model with guidance to readers for adaptation and implementation. Case studies include: Walmart, Hershey's, Citibank, Ford, Nike, Johnson & Johnson, Harley-Davidson, The Body Shop and Procter and Gamble. A chapter on the legal aspects of ethics provides guidance on the complex relationship between law and ethics in international business. The final part takes an in-depth look at the practical application of ethics in business life. Covering all the major theories of ethics, including an examination of the role of quantification of ethics, Global Business Ethics demonstrates how their principles can be applied to inform better business decisions. Online supporting resources for this book include instructor's manual, lecture slides and appendices.

**Conscience and Authority** - Thomas E. Hill 1996

**Ethical Business** - Linda Ferrell 2009-06-01 A practical, handy guide to ethical business skills which will give you the information and skills to succeed. Develop your ethical business skills by learning to assess your business, establish alternatives and plan for change. Step-by-step instructions, checklists and features examine business benefits,
Managers and decision makers face ethical dilemmas in the workplace every day. Tips, dos and don'ts and "In Focus" features on what to do in a particular situation, plus real-life case studies demonstrate how to plan your ethical strategy, monitor progress and achieve your goals. Read it cover-to-cover, or dip in and out of topics for quick reference.

**Managing Business Ethics**

Linda K. Trevino 2010-08-23 While most business ethics texts focus exclusively on individual decision making—what should an individual do—this resource presents the whole business ethics story. Highly realistic, readable, and down-to-earth, it moves from the individual to the managerial to the organizational level, focusing on business ethics in an organizational context to promote an understanding of complex influences on behavior. The new Fifth Edition is the perfect text for students entering the workplace, those seeking to become professionals in training, communications, compliance, in addition to chief ethics officers, corporate counsel, heads of human resources, and senior executives.

**Blind Spots**

Max H. Bazerman 2012-12-23 When confronted with an ethical dilemma, most of us like to think we would stand up for our principles. But we are not as ethical as we think we are. In Blind Spots, leading business ethicists Max Bazerman and Ann Tenbrunsel examine the ways we overestimate our ability to do what is right and how we act unethically without meaning to. From the collapse of Enron and corruption in the tobacco industry, to sales of the defective Ford Pinto, the downfall of Bernard Madoff, and the Challenger space shuttle disaster, the authors investigate the nature of ethical failures in the business world and beyond, and illustrate how we can become more ethical, bridging the gap between who we are and who we want to be. Explaining why traditional approaches to ethics don’t work, the book considers how blind spots like ethical fading—the removal of ethics from the decision-making process—have led to tragedies and scandals such as the Challenger space shuttle disaster, steroid use in Major League Baseball, the crash in the financial markets, and the energy crisis. The authors demonstrate how ethical standards shift, how we neglect to notice and act on the unethical behavior of others, and how compliance initiatives can actually promote unethical behavior. They argue that scandals will continue to emerge unless such approaches take into account the psychology of individuals faced with ethical dilemmas. Distinguishing our "should self" (the person who knows what is correct) from our "want self" (the person who ends up making decisions), the authors point out ethical sinkholes that create questionable actions. Suggesting innovative individual and group tactics for improving human judgment, Blind Spots shows us how to secure a place for ethics in our workplaces, institutions, and daily lives.

**Decision Making For Dummies**

Dawna Jones 2014-09-11 Discover the best approaches for making business decisions. Today's business leaders have to face the facts—you can't separate leadership from decision making. The importance of making decisions, no matter how big or small, cannot be overstated. Decision Making For Dummies is a candid resource that helps leaders understand the impact of their choices, not only on business, but also on their credibility and reputation. Designed for managers, business owners, and anyone else who makes tough decisions on a daily basis, this guide helps you figure out if the decisions you're making are the right ones. In addition to helping you explore how to evaluate your choices, Decision Making For Dummies covers ways to receive support for decision making, delves into various decision-making styles, reviews the importance of sifting through data and information, and includes information on ways to engage others and make decisions collectively. Being in charge can be challenging, but with this guide, you don't have to go it alone. Discusses the effects of decision making and outlines the considerations that must be made to gain trust and confidence. Demonstrates ways to communicate particularly sensitive decisions, and offers approaches for making bold decisions that challenge the status quo. Delves into the risks and benefits of certain
decisions, and shows readers the best ways to evaluate choices. Outlines smart strategies for engaging others and drawing them into the decision-making process. Crucial decisions need to be made every day in the business world, so there's no time to waste. Make Decision Making For Dummies your primary resource for learning to choose your actions wisely and confidently.

Managing Business Ethics - Linda Klebe Treviño 2004 This text stresses the importance of considering ethics as an issue that can be taught and managed. It provides readers with an understanding of how corporations can positively influence the behavior of employees.
