Reconcilable Differences

Lynn S. Chancer

1998-05-15. ‘At last!’ a critical look at feminist schems that doesn’t trash either. Chancer’s analysis of the sexuality of women, sex, and sensuality is split and also makes for wonderful reading. I particularly liked her ideas for a ‘third’ wave in feminism.’—Judith Lorber, CUNY Graduate Center

Goodbye Jack Novick

2006. Life is full of comings and goings, helloes and goodbyes, meetings and partings. Goodbyes highlights the crucial importance of the end of therapy in setting up the future and makes the reader reflect on the need for ending and confronting conclusions. This book is an excellent guide to help therapists and patients confront the end of therapy and bring it to a successful conclusion.

Benedict Anderson

2016-10-07. In Vagaries of Desire, Timo Airaksinen develops a new philosophical approach to understanding this kind of sexual behavior. It is titillating and disgusting, the work of a dirty old man or brilliant agent provocateur -- or both.

Erich Fromm and Criticism

2018. Connecting the insights of existentialism and psychoanalysis, this book shows how the theories of existentialists can be applied to the understanding of human behavior. It is an important contribution to the field of psychology and provides valuable insights into the nature of human existence.

Kink and Everyday Life

Kylo-Patrick R. Hart

2021. Contributing to revised notions of intimacy and acceptance, this interdisciplinary work identifies both historical and current approaches to understanding and analyzing kink, and pinpoints avenues for future research.

Perversions and Near-perversions in Clinical Practice

Gerald 1986. Describes common examples of sadistic and masochistic behavior, explains how people develop these self-metaphoric and metonymic features.

The Sadomasochism of Everyday Life

Coauthor of Tales of Love, Sex and Danger

It is required reading for therapists who want to understand the complexity of human sexuality and the role of power in sexual interactions.

Sadomasochism and punishment, guilt and anger, the pleasure and terror of inflicting and experiencing pain. These stories fascinate and repel, revolt and arouse, scare and delight in equal measure. And, as a collection, they point a finger at you, daring you to feel uncomfortable—or worse, understood—as if to say: "You want this, right? You want what you want?"

A Sentimental Novel

Alain Robbe-Grillet

2014. Alain Robbe-Grillet’s final novel was sold in sketch-scarf, labeled with a sticker warning readers that this is not a book for sale. The famed tale of Gigi, as being schooled by her father to be a perfect mistress and man. Running the gamut of unacceptable subject matter from incest to torture, this book looks充满 dignity with vignettes that take up the representation in fiction, from the Brothers Grimm to the Marques de Sade. It is titillating and disgusting, the work of a dirty old man or brilliant agent provocateur -- or both.

Youth, Jobs, and the Future-Lynn S. Chancer 2018-12-04 While overall unemployment has declined, the unemployment rate remains nearly twice as high for young people 16 to 19 years of age and nearly three times as high for those aged 20 to 24. Rates of unemployment and underemployment are nearly two to three times higher for Black and Latino youth. In Youth, Jobs, and the Future, Lynn S. Chancer, Martín Sánchez-Jankowski, and Christine Trost have gathered a cast of well-known interdisciplinary scholars to confront the persistent issues of youth unemployment and worsening socio-economic precarity in the United States. The book explores structural and cultural causes of youth unemployment, their ramifications for both native and immigrant youth, and how middle- and working-class youth across diverse races and ethnicities are affected within and outside the legal economy. A needed contribution, this book locates solutions to youth unemployment in economic and political changes as well as changes in cultural attitudes.

Safe, Sane and Consensual-Darren Langdridge 2007-11-08 This book includes work on sadomasochism from across the social sciences including discussions of the history and culture of SM, medical and legal issues, along with theory and original research on the topic. With contributions from academics, practitioners and activists, this book represents some of the most recent cutting edge work in the field.

Escape from Freedom-Erich Fromm 2013-03-26 Why do people choose authoritarianism over freedom? The classic study of the psychological appeal of fascism by a New York Times-bestselling author. The pursuit of freedom has indelibly marked Western culture since Renaissance humanism and Protestantism began the fight for individualism and self-determination. This freedom, however, can make people feel unmoored, and is often accompanied by feelings of isolation, fear, and the loss of self, all leading to a desire for authoritarianism, conformity, or destructiveness. It is not only the question of freedom that makes Fromm's debut book a timeless classic. In this examination of the roots of Nazism and fascism in Europe, Fromm also explains how economic and social constraints can also lead to authoritarianism. By the author of The Sane Society and The Anatomy of Human Destructiveness, this is a fascinating examination of the anxiety that underlies our darkest impulses, an enlightening volume perfect for readers of Eric Hoffer or Hannah Arendt. This ebook features an illustrated biography of Erich Fromm including rare images and never-before-seen documents from the author’s estate.
