Immigrants in the Far West [Mann, R. 1988] The book is a collection of essays discussing cut-and-paste reportage and non-fiction literature that shows a new generation of scholars is beginning to look at the study of immigration in the West. Often emphasized in general studies of immigration, the western United States has been shown to be a place where the sociology of immigration has been studied. The book was written by R. Mann and reflects the growing interest in examining the experiences of immigrants in the West.

In search of gold [Powers 1989] This book is a historical account of the search for gold in the western United States during the 19th century.

Falls, Minnesota by The Dalles on the Saint Croix in Chisago County, Minnesota. A small boat landing is all that is left of a waterfront that rivaled any on the upper

The Importance of Being an Immigrant [Koepplin 1990] First published in 1990, Routledge is an imprint of Taylor & Francis, an informa company.

Leslie W. Koepplin 1990 First published in 1990. Routledge is an imprint of Taylor & Francis, an informa company.

The Chinese in America [Dunbar-Ortiz 2021] This book debunks the pervasive and self-congratulatory myth that our country is proudly founded by and for

Green immigrants: Claire Blume Houghton 1978 recounts the hardships, love, and loss of nearly one hundred ghosts, ranging from African villagers and apple trees to yarrow and zinnias, that have been brought to the United States from other nations.

Immigrants in the Far West: Historical Identities and Experiences - Theodore Roosevelt 1889

Politics in the Lifeboat: John C. Harles 1993-03-18 As an ethnically heterogeneous but stable democracy, the United States is a puzzle for students of politics. Typically, the doctrine of democratic theory regards ethnic diversity as disruptive of a democratic polity. However, the United States has been spared the systems-threatening consequences of heterogeneity experienced by other democratic states. A principal factor in the United States's escape from the system-threatening consequences of heterogeneity is the way in which it has been able to integrate the foreign-born into the political system. This book is devoted to a critical examination of the concept of political incorporation in the United States and its implications for the study of democratic theory.
