Helena Morrissey 2021-10-14 An inspiring guide to developing your personal brand, achieving your career goals and shaping the future of work. Redefine everything you need to know about personal brand and reputation and practical Brand Building advice.

Style and Substance

Women have made great advances in the workplace, but despite that - and the overwhelming amount of career advice out there - the same questions continue to arise: how to succeed in a man's world, how to combine a career with a family, how to be authentic and fit, and whether it is even possible to achieve a work-life balance while chasing career goals. Unfortunately, much of the advice offered is hardly out of date and lacking in "cutting-edge" strategies to help women succeed in today's world. What we need instead is advice that is fresh, relevant and often tends to be defensive, focused on overcoming obstacles rather than drawing upon strength. Style and Substance starts from a very different perspective. Written by Helena Morrissey, who has learned through her own experiences of the importance of confidence, the book shows how women can become the role models in their own lives of those inspiring actresses, authors, politicians, and business leaders who have never let anything stand in their way.
